

SEND Information Report: Devon Guidance

Under the Special Educational Needs and Disability Code of Practice (2015) the governing body or proprietor of every maintained school, maintained nursery school and Academy school (other than a special school that is established in a hospital) **must** publish information on their website about the implementation of the policy for pupils with Special Educational Needs (SEN) in the form of an SEN Information report. This report should be kept up to date with significant changes and published annually each September. The report differs from the SEN Policy in that the policy details the school's ethos and approach to SEN whereas the SEN information report describes what has happened and how the policy has been implemented in the last academic year. This checklist is based on the requirements set out in schedule 1 of the Special Educational Needs and Disabilities (SEND) Regulations 2014 and paragraphs 6.79-6.81 of the SEND Code of Practice.

The following guidance is designed to assist schools in deciding what information to include in the report. The guidance is not an exhaustive list of information but a suggestion of the types of information schools may wish to include.

The primary audience for the report is parents and carers therefore it is important to ensure the language used within the report is not education elitist and is written in plain English. Furthermore, best practice would be to involve and consult parents in the drawing up and review of the report. It is advised the report is published using a Dyslexia-friendly 'sans serif' font such as Arial, Comic Sans, Century Gothic, Verdana, Trebuchet or Calibri. Please also ensure your report is available in the range of languages appropriate to your setting.

Parent/carer questions	Key information	Links to SEND Code of Practice (2015)
School Policy and procedure		

What kinds of SEND do pupils in the school have?	 Bow Community Primary School is a mainstream inclusive school which has a clear policy regarding the support of children with Special Educational Needs and Disabilities (SEND). Pupils at the school are aged from 4 years old – 11 years old (Reception through to Year 6) across 5 classes. Bow Community Primary School aims to encourage all children to have an equal opportunity to contribute fully to the life and work of the school. Our aim is that learning takes place in a climate of warmth and support, in which each individual can develop and grow in self-confidence and self-esteem. Ali Gillard is our Special Educational Needs and Disability Co-ordinator (SENDCo) who has strong links with many other outside agencies who support the needs of the children. These agencies including: Educational Psychologists, Speech and Language Therapists, Advisory Teachers, the School Nurse Team, Occupational Therapists and the 0-25 SEND Team based at Devon County Council. The school supports children with a range of needs including: Cognition and Learning, Communication and Interaction, Social, Emotional and Mental Health and Physical and/or Sensory. We have a number of children who have a diagnosis of Autism, Speech, Language and Communication Needs as well as dyslexia. Bow Community Primary School aims to encourage all children to have an equal opportunity to contribute fully to the life and work of the school. Our aim is that learning takes place in a climate of warmth and support, in which each individual can develop and grow in self-confidence and self-esteem. We believe that with the right teaching strategies and support, the majority of children with Special Educational Needs can be successfully included in mainstream education via scaffolding learning within the classroom. However, we also understand that some children with SEND will need additional support outside the classroom to help overcome their barriers to learning (e.g pastoral support for mental health issues.) <th>The kinds of special educational needs for which provision is made at school</th>	The kinds of special educational needs for which provision is made at school
How do you know if a pupil needs extra help?	We aim to identify children needing extra help as early as possible so that we can determine the best support, by working closely with our local pre-school and support agencies. We also understand that children's needs may vary throughout their time in	Information about the school's policies for

 school. We aim to put the right support in place as soon as a special need is identified. We also recognise that parents and carers are the key people in their child's life and we will always listen to concerns raised. Sometimes children can present differently at home to how they are in school. In these instances, we recognise that a child may be hiding their needs in school. We will work with you to find the best path forward in order to support your child. Teachers assess the children's learning throughout the year through on-going summative observations and assessments and more formative assessments. Our skilled teachers will use a range of general teaching and behaviour strategies as well as quality first teaching before raising a concern. Where children are identified as not making the expected progress or where teachers have on-going concerns, then discussions will take place in order for additional and scaffolded provision and strategies to be put into place. These discussions will be with the SENDCo, head teacher, termly data meetings or through our on-line recording system, Child Protection Online Management System (CPOMS). Discussions with parents will take place and outside agencies might become involved through a referral process and further assessments to fully understand the child's needs and barriers to learning. Information about the school's policies for identification and assessment of pupils with special educational needs. 	identification and assessment of pupils with special educational needs
 Bow Community Primary School use a number of systems to support with the identification of a child's needs. These include: Tracking pupil's data through SIMS (our data management system) Formative assessments in English and Maths Updating and monitoring the schools SEND register Completing the SEND Census Meetings with the SENDCo and teachers through regular staff meetings and training opportunities that we provide Meetings with the SENDCo and TAs Learning works and book monitoring by the Senior Leadership Team (SLT) Use of CPOMS to record incidents of concern Early Help and Team Around the Family (TAF) meeting 	

Day to day support		
How do teachers help pupils with SEND? How will the school support my child?	 Children with SEND are supported in a variety of ways. Bow Community Primary School has a team of skilled teachers and teaching assistants who are able to offer support in all areas of special need. At Bow, inclusion concerns every child in the school and is about equality of opportunity. As a school we are striving for high quality first teaching, which helps SEND children and all others to work towards their potential. However, at times it may be more appropriate for children to receive support which is different to and additional from the main class teaching in order for some children to make progress. Examples of quality first teaching: Scaffolded work within class Small group or 1:1 work Every child has the opportunity to access all educational opportunities outside the school. Provision might be highly scaffolded within the planning The school's approach to teaching pupils within the planning and risk assessments. School 	The school's approach to teaching pupils with SEND
How will the curriculum be matched	to discuss concerns with parents as necessary. We set aside part of the school's budget each year to provide resources to support	How adaptations are made
to my child's needs?	 SEND children and to help cater for differentiation in the classroom. The funding pays to support children in the following ways: The SENDCo to lead this area in school Additional teaching assistants Other resources for example; books and equipment 	to the curriculum and learning environment
Is there any additional support available to help children with SEND?	The school takes a graduated approach to interventions. For most pupils, extra help will be provided within the classroom through Quality First Teaching. Where extra help is needed, school uses the Devon Graduated Response Toolkit. We follow a model of 'Assess, Plan, Do, Review' to ensure that children's needs are met throughout their time in school. The Devon Graduated Response Tool supports this by providing a clear pathway of identifying and assessing needs, planning and doing, and reviewing. Every child who has SEND needs and is on the SEND register, a My Support Plan (MSP) is written every term with Specific Measurable Achievable	

	Realistic Time-bound (SMART) targets outlining the child's needs and the interventions that are in place for them. This is regularly monitored and reviewed and plans are shared with parents each term. Where further interventions or referrals need to be made, this will be communicated to parents via the class teacher and/or SENDCo in order to support the child further.	
How will the school know how well my child is doing?	Bow Community Primary School tracks the progress of its SEND pupils through scrutiny of assessment data but also through regular meetings between the SENDCo and the teaching staff involved in the education of the children. The SENDCo meets each term with class teachers to discuss the provision being made for children who need extra support. This information is recorded on a 'My Support Plan' which shows the frequency and type of support a child is receiving. At Bow we use assessments at key points of the year to identify additional need, and then carry out interventions appropriate to need. These 'My Support Plans' are shared with parents to inform them how their child is progressing.	Arrangements for assessing and reviewing pupil's progress towards outcomes
How will I know my child is making progress? How do you check on this?	All parents/carers of children are invited in the Autumn and Summer terms to a parents evening to discuss their child's progress. The SENDCo is available during those evening for parents/carers to discuss their child's SEND needs. Where a family has an Early Help Plan in place, parents/carers can express views about their child's needs and hear feedback from the SENDCo regarding provision and support that is in place in school as well as any concerns. Parents can make appointments to see the SENDCo, Head Teacher or class teacher at any time by contacting the office.	How the effectiveness of provision is evaluated
How will my child be included in activities outside the classroom, including school trips?	For activities outside of the classroom such as PE, school trips and school residential, detailed risk assessments are made using Devon Guidelines. This ensures that all children can take part in a safe way. After School Clubs and lunchtime clubs are accessible to all pupils.	How pupils with SEND are enabled to engage in activities available with those in the school who do not have SEND
How will you support my child's overall well-being?	We believe it is important to invest time in supporting children with social and emotional needs. All children access the Personal, Social and Health Education (P.S.H.E) curriculum and have access to pastoral support through explicit taught lessons as well as support from classroom staff. Children have opportunities to learn	Support for improving emotional and social development

about internet safety, PANTS rule (an NSPCC approved scheme which supports	
children in understanding how they keep themselves safe from sexual abuse) and are	
always able to speak to staff. School has a Designated Safeguarding Lead (Mrs Clare	
Wilmott) and Deputy Safeguarding Leads (Mr Chris Johnston & Mrs Ali Gillard). We	
talk with the children about the importance of having a 'Five Finger Network' that	
they use when they are worried. Regularly, and at least once per year, children are	
asked to draw around their hand and identify key adults at home and school who	
they can talk to if needed. This is then kept in school and children can refer to it as	
needed. If children struggle to identify key people, staff will support children in	
making the necessary networks. School work in conjunction with services to support	
children with inclusion and if appropriate, can make further referrals to outside	
agencies. We will always work collaboratively with parents to make sure that children	
have a successful time at school. Information about administration of medicines can	
be found on the school's website:	
Bow Community Primary School - First Aid and Illness (bowcps.devon.sch.uk)	

Involving families		
How will you help me to support my child's learning? When will we be able to discuss my child's progress?	At Bow Community Primary School, we believe in involving and informing parents of decisions and actions made at every stage. School shares progress information with parents/carers through parent meetings an progress reports, sharing of the 'My Support Plans,' Education Health and Care Plans (EHCP) Annual Reviews and for some families regular TAF meetings through the Early Help Assessment. Where a parent/carer raises a concern, then a meeting will be held to discuss actions and next steps. There are also regular informal opportunities for contact about the child's progress in school through telephone calls or face to face communication. Initially, this would be with the class teacher. The SENDCo and/or Head Teacher would be involved if and when appropriate. There are other opportunities for involvement and consultation with parents. For example: • Open mornings • Meet the teacher and class information sessions • Parent workshops which focus on a particular area of the curriculum • Fortnightly newsletters	Arrangements for consulting with parents/carers of children with SEND and involving them in their child's education
How will my child be able to share their views?	 All children at Bow Community Primary School may contribute their views about their educational support in the following ways: Pupil Surveys and questionnaires Child's views are recorded on their 'My Support Plans' School Council Discussions with class teacher, teaching assistants, SENDCo or Head Teacher Staff members asking specific children about their progress and likes by gathering their views to feed into Early Help Plans or EHCP Annual Reviews 	Arrangements for consulting with children with SEND and involving them in their education
How will you support my child when he/she joins your school or moves class or transfers to a new school?	We work closely with the SEND departments of all schools and pre-school settings, passing on all relevant information when pupils transfer either to or from Bow Community Primary School. When a child joins us who already has identified SEND, the school with liaise closely with the child's previous school, pre-school setting and parents/carers. Our SENDCo will contact the parents and arrange for a transition meeting alongside the class teacher where appropriate.	Arrangements for supporting pupils moving between phases of education and preparing for adulthood

	For children with SEND transferring from pre-school settings, the SENDCo and Reception teacher meet the pre-school manager to complete transition meetings sharing any reports, resources and provision that is already in place. The SENDCo Worker will also join in with any TAF meetings during the summer term. When a child with SEND needs transfers to secondary school, the SENDCo from both schools and the current class teacher will hold a number of transition meetings and complete a transition document sharing the child's needs and provision in place. Additional visits to the secondary school is arranged during the summer term and when appropriate key members of staff from the secondary school will spend time Bow Community Primary School getting to know the child. All documents are also shared with the secondary schools that the child is transferring to.	
Staff skills and wider support	:	
What skills do the staff have to meet my child's needs?	We are fortunate in having an experienced and dedicated staff, who support the wide ranging needs of the children. The TAs meet together regularly with the Head Teacher and SENDCo to receive training, updates and have an opportunity to share practice. Training can be school-led, led by an agency e.g. Educational Psychologist, Speech	The expertise and training of staff to support pupils with SEND, including how specialist expertise will be secured
What specialist services are available at or accessed by the school?	 and Language Therapist, School Nurse, Occupational Therapist, Children & Mental Health Services (CAMHS), Bladder & Bowel, Children's Centre, Communication & Interaction Team, Social, Emotional & Mental Health Advisory teachers. Training can also include visits to other schools, settings, and conferences. The SENDCo is supported by close links to many outside agencies. Mandatory Child Protection training is given regularly by the school and Devon County Council. Teachers and TAs receive regular training and guidance to meet the needs of our children. The Headteacher and SENDCo are responsible for arranging training according to the needs of staff and children. Staff training needs are analysed as a result of the performance management process and training tailored to give staff the skills they need including: having an awareness of the different special educational needs and disabilities of children in our school. being able to plan and teach/support lessons which meet the needs of all. understanding the social and emotional needs of children with SEND. What happens if my child needs specialist equipment?	If specialist equipment is needed, then the school will liaise with outside agencies such as the Occupational Therapists to ensure that the right equipment is provided to school. The school building meets the requirements of the Disability, Equality Act 2010 and	How equipment and facilities to support children with SEND will be secured
How accessible is the school and how does it arrange the facilities children need?	Health and Safety regulations. Any further adaptions needed for a child with specific and more complex needs would be made as necessary. Our school accessibility plan, which highlights key areas for development, can be found here: <u>Bow Community Primary School - Policies (bowcps.devon.sch.uk)</u> Under both the Special Educational Needs and Disability Plan for Success and the	
	wider School Development Plan, resources are planned and budgeted for. More specialist equipment is either purchased or loaned depending on the requirement. The school can also request support from a local charity to support with specialist equipment.	
	Examples of equipment that we use daily and accessible to all children include: Chrome books, coloured overlays, writing slopes, timers, pencil grips, wedge cushions and writing slopes. For high needs children who have an EHCP in place funding is allocated to the school through the High Needs block funding	
How will my child manage tests and exams?	Class teachers, SENDCo and Head Teacher will have discussions with children and parents regarding access requirements for tests and exams. This is decided on individual needs. Some arrangements that can be put into place are: Additional time Scribes 	Information regarding access arrangements

Accessing advice and support		
What should I do if I think my child may have a special educational need or disability?	If you have concerns about your child's progress, you should speak to your child's class teacher initially and an appointment can be made through the school office: Bow's telephone number: 01363 82319 Bow's email address: admin@bowcps.devon.sch.uk	Contact details for the Special Educational Needs Coordinator
What do I do if I'm not happy or if I want to complain?	If you continue to be concerned that your child is not making progress, you can speak to the SENDCo: SENDCo: Ali Gillard SENDCo telephone number: 01363 82319 SENDCo email address: agillard@bowcps.devon.sch.uk The school's nominating governing body has a nominated governor for SEND who links with the SENDCo each term to be aware of relevant issues and offer support. The Governors meet every 6 weeks which includes an update on SEND & Inclusion by the Headteacher. The school's SEND Governor is: Kathryn Tayler	Arrangements for handling complaints from parents of children with SEND
Where can I get information, advice and support? Where can I find out about other services that might be available for	At Bow Community Primary School, we actively seek to work closely with parents/carers. However, we recognise that parents of children on the SEND register may, from time to time, be dissatisfied with the support their child is receiving. We encourage parents to talk in the first instance to the class teacher. If not resolved, dependent on the nature of the complaint, the parent/carer will be advised to consult with: • The SENDCo	Contact details of support services for parents of pupils with SEND The school's contribution to the local offer and
our family and my child?	 The Head Teacher The Governors The Local Education Authority Any parent who has a complaint that is not quickly or easily resolved will be notified of the LEA's arrangements to provide information and advice on SEND matters. The school's full complaints procedure is set out in the School Prospectus.	where the LA's local offer is published

The SENDCo will be able to support parents further by signposting them to relevant services.	
The Devon Information Advice and Support (DIAS) Service is available to give further impartial advice and support should you need it. Their website address is: https://devonias.org.uk/	
Devon County Council site: Information, services and guidance in Devon is a useful website for families with links to support in all aspects of life: https://www.devon.gov.uk/	
Devon Children and Families Partnership site aims to make sure that children and families get the right support, in the right place at the right time. https://www.dcfp.org.uk/	
The Children and Families Bill became active in 2014. From this date, Local Authorities and schools were required to publish, and keep under review, information about services they expect to be available for the children and young people with Special Educational Needs (SEN) aged 0-25 years. This is known as the 'Local Offer.'	
The intention of the Local Offer is to improve choice and transparency for families. It is also an important resource for parents in understanding the range of services and provision in the local area. www.babcockldp.co.uk The support provided by Devon Local Authority for children with SEN and disabilities can be found at: https://www.devon.gov.uk/education-and-families/send-local-offer/
